

Ontario Smart Mobility Readiness Forum Background and CAV Readiness Plan Report

Susan Boot, Head of Intelligent Transportation Systems Innovation & Planning Unit
Ontario Ministry of Transportation
September 17, 2020

CAV Readiness Plan for the GTHA

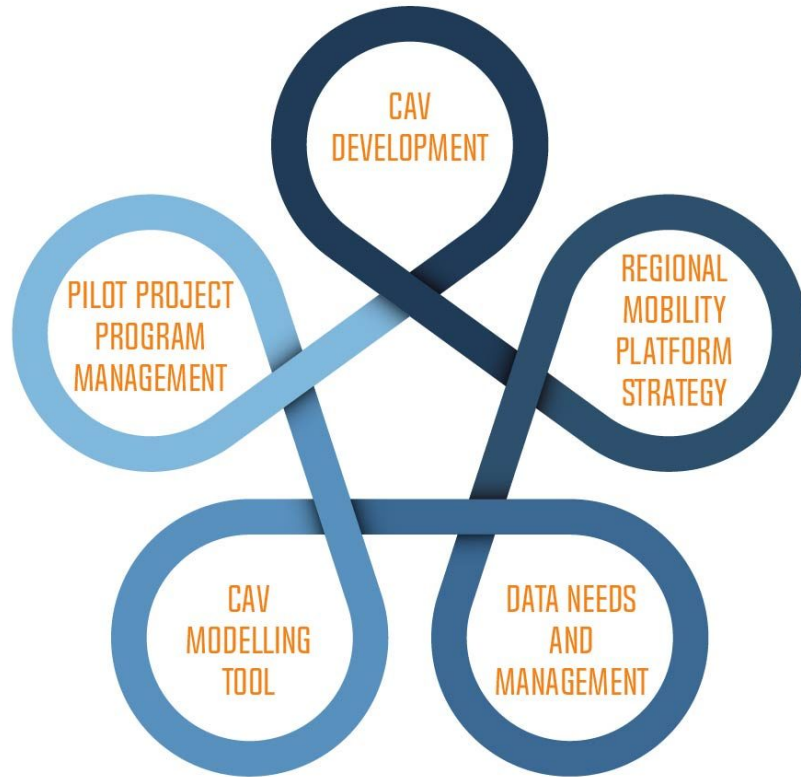

- The CAV Readiness Plan is a **guidance document** that provides public agencies with tools to implement a seamless integration of CAVs on public roads.
- The report was prepared by a Steering Committee in collaboration with a **Stakeholder Group** with over 70 participants, including public agencies, academic institutions, and industry associations.
- The Forum is a **key recommendation** under the Plan.

- AVIN website: <https://avinhub.org/ontario-smart-mobility-readiness-forum/>

Ontario Smart Mobility Readiness Forum

- The Forum is a **collaborative venue** for **municipal stakeholders**, including public transit agencies and infrastructure owners and operators, to help prepare Ontario for CAV and smart mobility technologies
- The objectives of the Forum include sharing **information and knowledge**, uncovering **opportunities for collaboration**, and supporting members to build **capacity**.
